Increase Efficiency – Integrate with Xero!

Kudos are now onboarding more Xero Integration Clients via our KCloud hosting services.

Integration saves duplication of data entry and eliminates errors.

The service provides full integration between Counter Intelligence and Xero for the following transaction types:

- **End of day - Z-Off**
- **Customer Invoices and Credit Notes – Accounts Receivable**
- **Supplier Delivery Dockets – Accounts Payable**
- **Supplier Credit Notes – Accounts Payable**

Click below to see the flow of data from Counter Intelligence and the resulting transactions in Xero.
