

## CSS Change B222

July 2016

### 1. responsive.css

```
.giftcard-landing .giftcard-single > a {  
  margin: auto !important;  
  float: none !important;  
}
```

→ Appended.

```
.popupWindow .modal-title {  
  color: #555;  
  padding: 0 0 5px;  
  line-height: 20px;  
  text-transform: uppercase;  
  border-bottom: 3px solid #555;  
}
```

→

```
.popupWindow .modal-title {  
  color: #555;  
  padding: 0 0 10px;  
  line-height: 20px;  
  text-transform: uppercase;
```

```
border-bottom: 3px solid #555;
```

```
}
```

```
.inputvalidator {
```

```
padding:5px 0 0;
```

```
}
```

```
.inputvalidator .message {
```

```
font-weight:bold;
```

```
}
```

→ Removed.

```
#giftcardBalance .inputvalidator, #giftcardBalance .inputvalidator + .button_box {
```

```
padding:0;
```

```
margin-top:10px;
```

```
}
```

→ Appended.

```
#giftCardReviewWrapper .inputvalidator {
```

```
float: left;
```

```
position: relative;
```

```
}
```

→

```
#giftCardReviewWrapper .inputvalidator {
```

```
float: left;

position: relative;

margin-bottom: 0;

}
```

```
.giftcard_content .input_box {

display: inline-flex;

justify-content: space-between;

}
```

```
→

.giftcard_content .input_box {

display: inline-flex;

justify-content: space-between;

width: 100%;

}
```

## 2. default.css

```
.giftcard-landing .giftcard-single {  
  width:100% !important;  
}  
  
.giftcard-landing .giftcard-single > a {  
  margin: auto !important;  
  float: none !important;  
}
```

→ Appended.

## 3. mdefault.css

```
.giftcard-landing .giftcard-single {  
  width:100% !important;  
}  
  
.giftcard-landing .giftcard-single > a {  
  margin: auto !important;  
  float: none !important;  
}
```

→ Appended.

```
#giftcardBalance .button_box {  
  
  margin:30px 0 0;  
  
  width:100%;  
  
}
```

```
#giftcardBalance .button_box {  
  
  margin:20px 0 0;  
  
  width:100%;  
  
}
```

```
#giftCardReviewWrapper .inputvalidator {  
  
  float: left;  
  
  position: relative;  
  
  margin-bottom:0;  
  
}
```

```
#giftCardReviewWrapper .inputvalidator {  
  
  float: left;  
  
  position: relative;  
  
}
```
