

## CSS Change B234

September 2016

### 1. responsive.css

```
@media screen and (max-width: 767px) {
```

```
  .navbar-header li {
```

```
    position: relative;
```

```
    float:left;
```

```
    width:16.66666667%;
```

```
  }
```

```
@media screen and (max-width: 767px) {
```

```
  .navbar-header li {
```

```
    position: relative;
```

```
    float:left;
```

```
    width:16%;
```

```
  }
```

```
.navbar-header li:first-child, .navbar-header li:last-child {
```

```
  width:18%;
```

```
}
```

→ Appended.
